SPONSORSHIP INVITATION

SHE LEADS. SHE DEFENDS. LAW & LEADERSHIP FORUM 2026

Beyond The Courtroom – Into The Rooms Where **POLICY, CAPITAL & POWER** Are Decided.

05th September 2026

Kuala Lumpur

Malaysia's standing platform for the women who lead in law, business and public life – and the network that keeps them there.

Women Have Reached The Profession. They Have Not Yet Reached The Rooms Where **The Rules Are Written.**

The credentials are there. The pipeline is full. What is missing is the conversion – **from qualification into the rooms** where **law, capital and policy are actually decided**. That gap is widest exactly where the stakes are highest.

Law & Justice *Thin at the top*

Malaysia appointed its first-ever woman Chief Justice only in 2019; she reached mandatory retirement in July 2025. Women enter the profession in equal numbers, then thin sharply on the climb toward silk, senior partnership and the bench.

Policy & Governance *Outside the room*

Reform, regulation and public governance are still drafted in rooms where women's voices remain the exception – not because the talent is absent, but because the table was set before they arrived.

Business & Leadership *Past the door, short of command*

Women now hold roughly a third of board seats in Malaysia's top 100 listed companies – yet across all listed companies the figure still sits below the 30% target, and rarely converts into the CEO and C-suite roles where strategy is actually set.

AI, Cyber & Digital Trust *Absent from the frontier*

As AI and digital risk rewrite what law and governance even mean, the table where the next rules are drafted is being set right now – and women are too often not yet at it.

This forum exists to close that gap across every arena – and to build the network that keeps it closed.

A National Stage For The **WOMEN** Shaping ***LAW, LEADERSHIP And INFLUENCE.***

An invitation-led, one-day forum convening the women – and the allies – redefining what **legal leadership looks like across four arenas of power.**

LAW & JUSTICE

Practice, Advocacy And The Future Of The Profession.

POLICY & GOVERNANCE

Regulation, Reform And Public Influence.

BUSINESS & LEADERSHIP

AI, CYBERSECURITY & DIGITAL TRUST

What **YOU** Walk Away *Owning.*

STANDING, NOT EXPOSURE

A durable association with a credible national platform built on leadership and integrity – the kind a logo on a banner can't buy.

ACCESS WHERE IT'S DECIDED

Direct proximity to general counsels, board directors and senior leaders – in the room, not the mailing list.

A VOICE, NOT A SEAT

A stage and a media platform to lead the conversation, not simply attend it.

COMMERCIAL PROXIMITY

For partners who serve this market, a room of qualified buyers reached through relationship and standing – not a cold list.

PROOF BEHIND THE POLICY

Tangible substance behind your diversity, inclusion and leadership commitments – substance you can report on.

FIRST-MOVER EQUITY

A founding stake in a platform engineered to scale through 2028 and beyond – claimed before the field fills in.

THE INVITATION

Help *Build The Room* Before Everyone Wants In.

The goal was never a single forum. It's a **lasting platform that advances women in law, leadership, governance and public life** - and the partners who move first will be remembered as the ones who built it, not the ones who joined it.

Let's Talk About Where Your Brand Sits In The Room.

Founders' Circle partnerships are limited to 1-2 brands and shape the programme itself - so they are confirmed first. To hold a conversation before the founding slots close, **reach us by 17.08.2026.**
